MANAGER OF NORTHERN CON-  
STRUCTION CO. HERE TO RE-  
SUME OPERATIONS.

## MORE MONEY IS AVAILABLE

Ninth Assessment Ordered By County  
Court Will Give Needed  
Funds.

G. C. Burkey, manager of the Northern Construction Co. of Elkhart, Ind., arrived here today and will resume work on the Inlet swamp drainage ditch next Monday. Work has been suspended for the past few weeks, the money raised by the 8th assessment having been practically exhausted. The 9th assessment to raise funds to complete the ditch has just been confirmed by the court.

When work was stopped recently the big dredge was about four rods from the Inlet bridge. Much rock had to be removed and when work stopped about 200,000 yards of rock had been removed and 18 cars of dynamite were used in blasting. There remains about 18,240 yards of rock to be excavated. J. C. Vanatta of Brookton, Ind., who has the tile contract on the job, resumed work this week and there is now in the railroad yards at Middlebury close to 40 cars of tile, ranging in size from 18 to 24 inches. Over 40 carloads have been laid, a portion of this being 30-inch tile. Under the 8th assessment \$386,000 was raised and in the ninth assessment the commissioners have asked for \$89,981.80. It will require several months to complete the work.

In order to get water in the ditch to move the big dredge up stream the height of the dam above the Burlington bridge at Binghamton must be raised. Ahead of the dredge another dam with gates is thrown across the ditch to hold water back so drilling into the rock can be done and at night the gates are opened to permit the water to move down stream.

## WILL EXPLAIN WORK OF THOMAS EDISON

INTERESTING ADDRESS WILL BE  
GIVEN AT ELKS' CLUB  
TONIGHT.

Why does the telephone work and how is it that the sound of the human voice is carried from one end of the line to the other? are among many questions that will be answered by Charles Stinson of the Edison laboratory in his talk before the members of the Elks at their club rooms this evening. Mr. Stinson is one of over 100 men who are employed in the Edison laboratory at Orange, N. J. in experimental work under the direction of Mr. Edison. By his close connection with the work of the great electrical genius he has a good insight into a large number of the great inventions that have been perfected and given to the world. He will talk in a general way on some of the more prominent inventions of Mr. Edison and it will no doubt be extremely interesting as well as instructive.

## Archibald May Escape Penalty For His Actions

Statute Does Not Cover Case  
Was After The Iron  
Cross?

(Associated Press)  
Washington, Sept. 24.—The daily Express asserts editorially that the American war correspondent, James E. Archibald, messenger for Dr. Constantin Dumba, the Austrian ambassador whose recall was requested by this country, will probably not be prosecuted. It is said there is no statute covering the case.

## BISHOP PLACES BAN ON BELOIT COLLEGE

HIS ORDERS, HOWEVER, HAVE  
NOT BEEN OBSERVED BY  
THE STUDENTS.

## VIEWS OF PRESIDENT EATON

Beloit, Sept. 23.—Although Archbishop Messmer of Milwaukee has published a letter barring Catholic students from chapel attendance at the college, chapel attendance, and Bible study being compulsory, nevertheless such students continue to go to their classes and the chapel exercises.

The students may be allowed to attend the classes and be excused from the Bible study and the attendance at the chapel services if the priests substitute similar exercises. This was the opinion of President Eaton when interviewed this morning. The faculty has yet to act on the matter and of course the announcement could not be made official. There is some doubt as to whether the members of the faculty will agree with the president in regard to the matter. The president's statement follows:

"I regard our religious exercises as entirely non-sectarian. The services are such that none can attend without obtaining good. But I can appreciate the Catholic point of view. I readily see how it is a violation of faith for their children to attend. But because of these religious services, I do not believe that the Catholic portion of our community, nor Catholic young persons anywhere, should be excluded from the advantages of our college.

"So my opinion would be that, if a proper substitute can be provided by the Catholic clergy, the Catholic students should be allowed to be excused from our chapel services and bible classes. By 'proper substitute' I mean that the priests here might provide a special morning and Sunday service which Catholic students of our institution should be required to attend, and to conduct classes in bible history and literature which our professors would recognize as an equivalent to our courses."

## STEVENS CORRECTS HISTORICAL ARTICLE

SAYS "CONTRIBUTED" STORY OF  
DIXON IS FULL OF INAC-  
CURACIES

HAS ONE FALSE MONUMENT

Says One Wrong Marker Here Is Too  
Many—Pleads Against  
Another

Editor Telegraph.—I have just read the contributed story of Dixon in 1832 which, among many other inaccurate things, mentions New Salem as in Schuyler county. It was in Sangamon county then. Lincoln was not sworn in at the mouth of the Fox river, but at the mouth of the Rock river, and at that place he was not sworn in by Robert Anderson. When Lincoln had re-enlisted in the companies of Early and Fies, Anderson did the mustering in and out at Fort Waburn; the mouth of the Fox river, now Ottawa, and Dixon. And again when acting as mustering officer in Dixon, "Fort Dixon" on the north side of the river was not the place. The mustering was done on the south side of the river. I don't want to overdo but in concluding, Anderson's career at "Sumpter" would appear to better advantage with the letter "p" omitted.

Now, if you want to learn something about Ft. Dixon, first consult the picture of Dixon in 1832, painted by Brooks under the guidance of Father Dixon. Next read Col. DeMont's official description of the place written by himself in the little paper-covered history published by the Telegraph in the early eighties. By that time some sort of an intelligent idea can be grasped. Next, go over to the Dixon public library and look at a picture of the old log fort and its embankment from an original drawing made by W. H. Lee, who helped to build the fort. The accuracy was supplemented by Jacob Depuy and Mrs. E. B. Baker. I took Mrs. Baker over to the place once and she located it about 75 ft. west of Galena avenue and about 50 feet south of the east and west street next north of the river street—Boyd street I believe. The embankment was generally stated by those who knew to be about 300 feet north and south, by about 500 or 600 feet east and west.

Get away from the insane tradition that Davis swore. Lincoln into the service. These two men never so much as met, so far as anybody ever heard.

If the reader really regards the subject worth the effort let him step over to the public library and there he'll find a book on the Black Hawk war which deals with the subject exhaustively after its author has studied it for something like 30 years.

Dixon has one false monument now; it's one too many Get the others correct. FRANK E. STEVENS.

## BASE BALL DIAMOND LOSES STRATTON; HE SAYS HE IS THROUGH

DIXON MAN, WHO HAS CAUGHT  
IN SEVERAL LEAGUES,  
QUITS GAME.

Has Had Successful Career In Great  
National Game—Now In  
Business.

It became known through friends today that Milo (Bob) Stratton, who has had a very successful career on the diamond, has quit baseball for good and will hereafter devote his entire attention to the business in which he and Will Covert are now engaged. Mr. Stratton's determination to quit the diamond became known when he refused an offer to manage and catch for the Brookville "eds."

Bob, as he is known to all local followers of the game, did his first baseballing in Dixon with the old Dixon College team when it was making all baseball organizations sit up and take notice. He went from Dixon to Woodstock where he caught for the Olivers when they were among the best semi-pro teams in the country, and it is worthy of note that Bell, his battery partner in the Olivers, was signed by Brooklyn.

## In Southern League.

His first league baseball was played under Manager Frank when he had the New Orleans club of the Southern league, and for a number of years Bob was the club's main backstop. After several seasons with New Orleans the Dixon man was given a trial with the Pittsburgh National leaguers but Clarke had too many catchers and Bob went back to Memphis in the Southern league, of which team Frank, formerly of New Orleans, had taken the management.

To Zanesville.  
From Memphis Mr. Stratton went to Zanesville, O., for a year or so and thence to the Lincoln team of the Western Association, going from Lincoln to Evansville, Ind., where he ended his league work last year. He was offered a contract at the beginning of the present season, but turned it down to attend to his business here, and to assist the Home Guards, with whom his tireless efforts have been apparent.

Then came the offer from Brookville and his determination to say farewell to the diamond.

## QUESTION LEGALITY OF BOARD'S ACTION ON STATE AID ROAD

CONTENTION RAISED THAT MA-  
JORITY OF MEMBERS DID  
NOT VOTE "YES."

## TWO DID NOT VOTE AT ALL

Law Is Said To Provide That Majority  
of Members' Votes Is  
Needed.

On Wednesday afternoon the Lee county board of supervisors is supposed to have voted to use the next state aid road money to build a piece of road on the Chicago road, commencing at about the C. & N. W. viaduct southeast of Dixon and running south, and another short piece commencing at the east limits of Harmon and running east. There are rumors now to the effect that the vote was not legal, on the grounds that the proposition did not have the necessary majority to carry it. Twelve supervisors voted to put the state aid money in the spots above detailed and ten voted against it, the ten supposedly supporting the Lincoln Highway proposition.

The state law is said to indicate a majority of the entire board is necessary to appropriate money or obligate the county, and if such is the case the road has not yet been located, for the majority of the board of 24 members is thirteen, whereas only twelve voted favorably on the motion, one member being absent and one being recorded as "not voting."

By GEORGE FITCH  
Author of "At Good Old Siwash"  
AMERICAN UNIVERSITIES—MISSOURI

The University of Missouri is the Hagenback of American colleges. It turns out more tigers than any other institution in the world, not even excluding Princeton.

It is located in, around and all over Columbia, Missouri, a small city which has swelled all out of shape in its efforts to hold the University. Columbia may be reached by taking the Wabash railroad to excess.

The University is the patriarch of all the territory west of the Mississippi river. It was founded in 1839 when California was a Mexican sheep ranch and when Iowa settlers were too busy dodging Indians to indulge in education. It once had a handsome main building with a portico supported by massive Ionic columns. The building burned, but the columns were left standing and are very tenderly preserved, the students being put on their honor not to remove them in their play.

These columns are a beautiful sight in this country is twice as interesting and impressive as a Greek building.

The state of Missouri is very liberal with its university. It gives it over a million dollars a year and many fine buildings have been built on the campus. The University competes fiercely each year with the University of Kansas for the freshman from Kansas City and when it gets a majority of these it is as pleased as if its football team had pushed the Jayhawkers all over the field in the annual football game.

The University of Missouri is noted for its School of Journalism, which was one of the first in the country. It is conducted by home talent, Walter Williams, the dean, having been a Columbia newspaper editor, but is exporting large numbers of reporters to the United States at large each year.

The University of Missouri has never caused the eastern schools to tremble in their shoes during the football season, but it has just perfected and turned loose upon the field meets of the country a high hurdler who can hop a series of three feet six inch fences faster than anyone else in the world. This accounts for the large and enthusiastic attendance of Missouri alumni at the last western intercollegiate field meet.

### FAMILY THEATRE.

The vaudeville bill at the Family the latter part of the week should meet the hearty approval of all, as it is a cheerful combination of real talent and entertainment. We have seen some very clever canines at the Family but never one that could compare with "Jap" the name of one playing there this week with its owner, Del

Baily. This is a novel offering and marvelous for its wonderful working out and must be seen to be appreciated.

The DeGray Four, a comedy quartet of smart looking fellows who know how to sing and have a delightful repertoire of catchy numbers, are also welcome and the Millard Sisters, a dainty pair of misses who play musical instruments and dance with a zephyr of grace seldom witnessed on the local stage.

The usual program of motion pictures is changed daily.

The films tonight are: "The Revolt of Mr. Wiggs," a Vitagraph, and "A House of Cards," a Lubin.

In response to recent notices wherein Professor Munyon guaranteed to refund the money in every instance where his remedies fail to give satisfaction, people with all sorts of ailments called for all sorts of his remedies. The big demand, however, seems to be for his Paw-Paw Laxative Pills. They're certainly giving satisfaction. One benefited person tells another of their curative qualities, and so the demand increases. Professor Munyon wants us to continue to impress upon every person who suffers with stomach or liver ailments, and particularly all constipated people, to try Paw-Paw Laxative Pills. He says they correct indigestion and school the bowels to act every day in a natural way. If your complexion is bad, if you have dizzy spells, if you are bilious and if you have impure blood, get a bottle of these Pills, with the understanding that if you are not satisfied your money will be returned. No gripping, no weakening effect, just a pleasant, natural movement every day. You get well almost unconsciously. Professor Munyon warns the public against the use of the old-fashioned cathartics, which scour and debilitate. If you have an ache or pain of any kind, you better come in and try one of Munyon's Remedies. Also don't forget that we are carrying his Witch Hazel Soap, the best toilet soap ever sold at 10 cents a cake.

## DEMENTTOWN DOINGS

How do you like the Autumn? Arrived last night, you know.

One man took 28 prizes at a Newport dog show. And we know one or two men who would capture a sweep-stake if they were ever entered in a contest of that kind.

Those flies that escaped the swatters seem to have a real grudge against mankind, or else they are all-fired hungry.

Jess Willard, who was in Freeport this week with his show, is a great disappointment as a real champion. He hasn't been in any drunken escapades. Most unheard of conduct. A champion so far in his championship career, keeping sober is not like old times.

A health column in a prominent magazine says: Irritability in a woman can often be cured by feeding her with cream. Yep, that's right. We generally give whey to her.

A Summer Deceit.

He, so he said, was a millionaire, and she was a banker's daughter—at least she said she was as they spooned on the sandy beach by the water.

They talked of the wealth that each one had, and their future seemed much brighter—and then he returned to his job as clerk and she to her old typewriter.

## A Real Kitchen Cabinet!

### A Genuine LABOR SAVER

### Why Don't You Get the BEST?

You've waited a long time for it and here it is. If you lose sight of every other one of its superior merits—the Automatic Flour Bin ought to be a Cinch. This is an exclusive feature—and cannot be over-estimated as a labor-saving device.

### The Disappearing Front Door

does away with moving everything off the work table before you can get into the Cabinet, as is necessary to do with many makes of cabinets

### See the Sliding Bottom

Saves getting on your knees to get the pots and pans out.

### Note the Porcelain Work Table

The latest and best table possible to get. It never corrodes or tarnishes, is always white and sanitary. It is impervious to acids, and consider the fact that it costs at least \$3.00 more than any of the ordinary metal boards—that positively become discolored and scratched in time and are at once unsanitary—ought to convince you its the only kind to take.

### THE WOODWORK

is perfectly joined together (not thrown) corners all rounded and is as carefully made as a piece of Parlor Furniture.

### In the Drawer Arrangement

you have simply perfection. We don't have to tell you—it's plain to be seen. The Beautiful White Sellers Kitcheneed we show—is not to be compared with the ordinary sort.

### It is in a Class By Itself

We are going to save you \$13.00 on your purchase of a Sellers Kitcheneed, and here is how we will do it.

We have already shown you that in giving you a Porcelain Work Table we give you \$3.00 in comparison with the ordinary common metal table, and in connection with this

## MEMORIAL ROOM AT COURT HOUSE.

Interested persons have discovered that back in 1907, at the February meeting of the Lee county board of supervisors, a motion passed dedicating the room in the court house, known as the library, to the use of the G. A. R., Spanish War Veterans and other kindred patriotic organizations. The offer has never been accepted by the organizations, at least no such use has ever been made of the room.

Such a place as a memorial room could be made a very interesting spot and the histories and relics of past glories could be so well preserved for future generations. The Telegraph suggests that if the offer of the room still stands good, the patriotic orders of this county would do well to band together in a single commission and take charge of fitting up the room.

The following is taken from Supervisor's Record F, page 597, February 27th, 1907:

Supervisor Rogers presents the following resolution and moves its adoption, which motion was duly seconded by Supervisor Kirby. Thereupon said motion was put by the chairman, the same was unanimously adopted by the board.

Resolved that, The room in the court house in Dixon designated as the library, be and the same is hereby tendered the G. A. R., Spanish War Veterans and other kindred patriotic associations in such manner as does not interfere with its use as a library, for a memorial room, wherein shall be placed the names and dates of enlistment, as nearly as practicable of all those who have from Lee county enlisted in the military service of the United States, together with such war relics and history as said patriotic associations may deem appropriate.

## OH, IT'S GREAT TO BE RICH!

Paraphrased refer to the United States as the richest country on earth now. News columns and magazine articles tell us of the Niagara of gold that has been pouring into this country from Europe for war supplies. Export statistics, the value of the American dollar, etc., put this nation on the highest kind of a financial rating. The silver dollar with the American Eagle on it will buy more in Europe right now than it ever has in the past. The American wheat crop was bigger this year by we don't know how many millions of bushels. Oh, we are rolling in wealth! No doubt you've noticed it.

On the other hand, mayhap you haven't noticed it. It is possible that the flood of gold has not exactly washed up to the window sills of your house, for, strange to tell, that flood of European gold which is draining the treasuries of the eastern hemisphere and branding all Yankees as grasping, miserly, money-mad brutes in the eyes of the warring peoples, seems to disappear into the sand or somewhere before it gets far enough to even dampen the toes of the common people of this nation. Flood! It isn't even a trickle as seen from where the masses sit.

A select few financiers are building up gigantic fortunes, and this ring will emerge from the war as the richest men in the world, but the people of the United States are not profiting to any appreciable extent. The hard facts of the matter are that business all over this nation has suffered greatly from some cause or other and the business interests of the country are waiting anxiously for a change in their luck, the moon or the administration.

## SUBMARINE OF RIGHT SORT.

When the M-1 entered the water at Quincy, Mass., the United States made a marked step toward a proper degree of preparedness, for this is the largest submarine ever launched in this country, and is in every way superior to any owned by Uncle Sam. But, of course, it is not the confidence the nation places in this single under-water boat that lent importance to the event, but the proof that the naval authorities are beginning to develop a form of protection for our coasts that has heretofore received altogether too little consideration.

While the M-1 is not the largest submarine in existence and possibly not the best yet turned out, it is a vast improvement over any flying the American flag and leads the way for others of a more powerful and better type, several of which are either building or planned. With fifty or sixty of these vessels distributed along the Atlantic coast and an equal number in the Pacific no nation dare attempt to send troopships here for purposes of invasion. Without them the case might be entirely different. And because of the remarkable effectiveness of the submarine this country should lose no time in creating a fleet matching any in the world, ship for ship.

In the task of strengthening the naval forces of the United States a beginning has been made at the proper point. But the navy must have ample ships for every purpose of warfare, and the submarine is but one arm of the service.—Boston Standard Union.

## BRITAIN'S LID ON GREATER LONDON

City to Become Munitions Center Within Fortnight.

### "TREATING" TO BE PROHIBITED

Petrograd Claims Germans Lost 250,000 at Vilna—Teutons Continue Offensive About Dvinsk—Berlin Reports Progress—End of Advance Not Seen—Not Dug in Yet.

Moscow, via London, Sept. 24.—The congress of Zemstvo and the congress of municipalities will jointly convey resolutions to the Emperor demanding the reopening of the duma and the reconstruction of the ministry. An extraordinary meeting of the cabinet has been called for Thursday.

London, Sept. 24.—As foreshadowed in a cable on Sept. 18 Greater London is to be scheduled as a munition area. The central control board within the next fortnight will issue regulations prohibiting "treating" of any kind in public house or clubs. The sale of whiskey, brandy and rum unless reduced to the number of degrees under proof which falls between 23 and 25 will be illegal.

The Telegraph says with reference to the omission of a fresh taxation of liquor that the cabinet will deal comprehensively with the whole drink question later in the season.

London, Sept. 24.—While Petrograd claims that the Germans lost 250,000 men in a futile effort to surround and capture the Russian army retreating from Vilna, Berlin announces further successes in the terrific attack now directed on the fortified city of Dvinsk, and unofficial Petrograd dispatches admit that the civilian population of Minsk, an important city on the main line from Brest Litavsk to Moscow, is evacuating the city.

**Hindenburg Gains.**  
The Berlin war office announces that Hindenburg's drive on Dvinsk had met with material successes, including the penetration of advanced positions west of the city and the capture of more than 2,000 prisoners and some machine guns. As the German heavy artillery is already bombarding the city, it is believed that capture is certain, though the Russians are defending it with great heroism.

The news of the evacuation of Minsk by the civilian population is considered here as of grave moment as casting light upon the plans of the Germans for a further general aggressive campaign. The city's position on the main line to Moscow, as Dvinsk is located on the main line to Petrograd, leads to the belief that the Germans do not intend to dig in for the winter along the lateral railroad, which is practically all under their control from the Volhynian triangle to Dvinsk, but intend to pursue their offensive against either Petrograd or Moscow, or both.

Mrs. Wm. Ridelbaugh has returned from a visit of three weeks in Freeport, Milwaukee, and other southern Wisconsin towns.

**How Mrs. Hurley Was Restored to Health by Lydia E. Pinkham's Vegetable Compound.**

Eldon, Mo. — "I was troubled with displacement, inflammation and female weakness. For two years I could not stand on my feet long at a time and I could not walk two blocks without enduring cutting and drawing pains down my right side which increased every month. I have been at that time purple in the face and would walk the floor. I could not lie down or sit still sometimes for a day and a night at a time. I was nervous, and had very little appetite, no ambition, melancholy, and often felt as though I had not a friend in the world. After I had tried most every female remedy without success, my mother-in-law advised me to take Lydia E. Pinkham's Vegetable Compound. I did so and gained in strength every day. I have now no trouble in any way and highly praise your medicine. It advertises itself." — Mrs. S. T. HURLEY, Eldon, Missouri.

Remember, the remedy which did this was Lydia E. Pinkham's Vegetable Compound. For sale everywhere.

It has helped thousands of women who have been troubled with displacements, inflammation, ulceration, tumors, irregularities, periodic pains, backache, that bearing down feeling, indigestion, and nervous prostration, after all other means have failed. Why don't you try it? Lydia E. Pinkham Medicine Co., Lynn, Mass.

**WONDERFUL BILLIARD PLAYER COMING HERE**

**MARC CATTON, BALK-LINE STAR, TO BE AT ELKS' CLUB OCTOBER 4.**

**BUT TWENTY ONE YEARS OF AGE**

Charles Goff, manager of 21-year-old Marc Catton, who is the latest aspirant to the balk-line billiard championship was in the city today and announced that the youthful phenomena would appear at the Elks' club Monday evening, Oct. 4. Mr. Goff, who is one of America's best all-round billiardists, will be his opponent in the match games of straight rail and balk line billiards.

Following the game a lecture on "The Art of Billiards" will be given by Mr. Goff, who will also give a demonstration of every known stroke of the game and at the same time explain the essential points for beginners.

This will be followed by an exhibition of trick and fancy shots by both players.

Young Catton was born in Paris, France, and is the son of the late Wm. H. Catton, who was former world's champion at 14-2 balk line and three cushion billiards.

Marc is 21 and has been playing nine years. He has been coming to the front with great strides and last year jumped into prominence by trimming nearly every topnotcher in America.

As a member of the Champion Billiard Players' league, which included all the stars of the game, he defeated all his opponents, his most notable performance being against Koji Yamada, the famous Jap, who plays Hoffer for the title this month, whom he defeated in four out of six games, coming from behind with long runs in each instance.

Young Marc is the biggest attraction to the billiard fans of the country today because he is just a mere boy fighting his way to the championship. Nothing disturbs him while at the table. His habits are perfect and with his height a trifle over six feet he is able to execute the most difficult shot.

**Delicious Raisin Bread**

We have a new and better raisin bread now on sale. It is called "California Raisin Bread made with SUN-MAID RAISINS." The raisins are big, tender, meaty, luscious—with all the seeds extracted. Their flavor permeates the loaf.

There's a revelation in bread like this—for those who have never tried it. And it's food that's both good and good for you. An economical food also because raisins are concentrated nutriment.

Let the children have it. Here are the sweets they want, in the most healthful form, served in the way they like them. Get a loaf today.

**California Raisin Bread Made With SUN-MAID RAISINS**

You will like this Raisin Bread because it is made with this kind of raisins. Many pounds of the most delicate California white grapes are required to fill a pound carton with these raisins. We select the cream of the crop—grapes that never reach northern markets—and sun-dry them in the open vineyards.

Three forms: Seeded (large plump raisins with seeds extracted); Seedless (made from seedless grapes); Cluster (choice specimen bunches on stems, not seeded). In the familiar pound cartons at all grocers.

**Thomas Jefferson "Father of the Declaration of Independence"**

THIS noble founder of the Democratic Party immortalized himself by writing our Declaration of Independence—the document which laid the foundations of Free Government, not only for our own beloved land, but for all the world. His countrymen twice elected him President and will always treasure his memory. Jefferson was the most ardent advocate of Universal Freedom of his time and it was his wisdom and foresight which brought about the Louisiana Purchase. Every drop of his Virginia blood loved Liberty, and because he wanted Americans to be assured of it for all time he championed with all his might and main the signing of the Constitution of the United States. None of the fathers of the Republic were more far-seeing than he and none knew better than he that a mild brew of barley-malt and hops is truly a temperance drink. Hence, in 1816, he wrote President Madison: "A Captain Miller is about to settle in this country and establish a brewery. I wish to see this beverage become common." Jefferson lived past his 83rd year and all his life he was a moderate user of light wines and barley brews. It is unimaginable that were he alive to-day he would vote otherwise than NO to proposed tyrannous prohibition laws. For 58 years Anheuser-Busch have been brewing the kind of honest barley and hop brews which Jefferson hoped in his day to see the National beverage of Americans. Exactly such a beer is BUDWEISER. Its quality, purity, mildness and exquisite flavor have won its way to the top. To-day 7500 people are daily required to meet the public demand. Its sales exceed any other beer by millions of bottles.

Visitors to St. Louis are courteously invited to inspect our plant—covers 142 acres.

## FIRE PERILS FIFTEEN BOYS AT TECHY, ILL.

Lad from Superior, Wis., Dragged Out Unconscious.

Techy, Ill., Sept. 24.—Fifteen boys employed in the mechanical shops of St. Mary's mission house at Techy, escaped death by a narrow margin, and one lad was badly burned when an explosion of benzine set fire to the injured. Frank Trepenier was the boy injured. His home is at Superior, Wis. He was unconscious when dragged from the burning structure. The injured boy was removed to Alexian Brothers hospital, Chicago.

A hundred boys and girls in the Holy Ghost academy, a short distance from the mission, were hurried from the building, which at one time appeared to be threatened by the flames. There were about 150 boys in the mission when the fire started, but those in other departments of the building were marched to safety in good order.

Aid was sent to Techy from the Chicago fire department, but before help arrived mechanics' hall was wrecked. The adjacent carpenter shops were also destroyed. The ruined structure was of brick, one story high and covered an acre and a half. The property loss is estimated at \$35,000.

## IT'S SURPRISING

THAT SO MANY DIXON PEOPLE FAIL TO RECOGNIZE KIDNEY WEAKNESS

Are you a bad back victim? Suffer twinges, headaches, dizzy spells?

Go to bed tired—get up tired? It's surprising how few suspect the kidneys.

It's surprising how few know what to do. Kidney trouble needs kidney treatment.

Doan's Kidney Pills are for the kidneys only. Have convinced Dixon people of their merit.

Here's a Dixon case; Dixon testimony. Kidney sufferers hereabouts should read it.

L. S. Fultz, Prop., of grocery store, 711 Depot Ave., Dixon, says: "Occasionally I get weak through my back and when I have such an attack Doan's Kidney Pills always relieve the trouble. They are an excellent medicine for kidney complaint and I highly recommend them."

Price 50c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Fultz had. Foster-Milburn Co., Props., Buffalo, N. Y.
